Component Grade and Comments	
A. Implementation of Application	
User Interface and proper controls used for designing	User Interface is complete but not separated and have proper use of controls
Manual data entry or import from csv	appropriate use of data types but missing some properties required or missing CRUD operation
Data Validation	missing most of the validation
Enrollment Report & weekly report in tabular format	Any one of the report is missing or not complete
Course wise enrollment report & Chart display	any one component is missing or inappropriate data is shown
Algorithm used for sorting & proper sorting of data	Data Sorted using name or registration date only.
B. Documentation	
User Manual for running the application	User Manual is average. Includes description for all interfaces

Application architecture & description of the classes ad methods sued	architecture is included and satisfactory descriptoin of class and methods used.
Flow chart, algorithms and data sctructures used	average work with very limited explanation and missing diagramatic representation.
Reflective essay	Average work with un clear learnings, experience or findings.

C. Programming Style

Clarity of code,Popper Naming convention & comments	Code is poorly written and lacks comments
System Usability	System can't be used and have issues

Overall Grade:	C	C
-----------------------	----------	----------

Overall Comment:

Code should be self explainable with less comments. Need some proper naming of the component and require to add comments on required area.
In overall the code is working and all the functionality seems working and system can be used
