A. Implementation of Application	
User Interface and proper controls used for designing	User Interface is complete but not separated and have proper use of controls
Manual data entry or import from csv	data types not taken care of and not properly executed functionally.
Data Validation	missing most of the validation
Enrollment Report & weekly report in tabular format	very poorly executed reports and data not shown accurately
Course wise enrollment report & Chart display	Very poorly designed and only contains one report format with in appropriate data
Algorithm used for sorting & proper sorting of data	Sorting is implemented for not function properly
B. Documentation	
User Manual for running the application	User Manual is average. Includes description for all interfaces

Application architecture & description of the classes ad methods sued	average work with very limited explanation of the classes and methods used
Flow chart, algoriathms and data sctructures used	average work with very limited explanation and missing diagramatic representation.
Reflective essay	Average work with un clear learnings, experience or findings.

C. Programming Style

Clarity of code,Popper Naming convention & comments	very poorly written code and no comments at all
System Usability	very poorly developed application

Overall Grade:	C	C

Overall Comment:

Code should be self explainable with less comments. Need some proper naming of the component and require to add comments on required area. Flaw in the process of submission of coursework.

In overall the code is working and all the functionality seems working and system can be used
